(INTRO)

(1) I know, I'll pick myself, up again
I know, That I don't want to lose a friend
And I, know, Someday we'll, make amends
Oh, Baby, Once, the healing begins

(CHORUS) I could never wish you harm, But Baby I'll miss you
(1/2) We can take the lessons learned, I'll never forget you

(2) I'll try, And give myself the time I need
To, Let this hurt and anger bleed, yea
Oh, Baby, It seemed so perfect with you

(CHORUS) I could never wish you harm, But Baby I'll miss you
We can take the lessons learned, I'll never forget you
I'd do it all again my friend, But Baby I'll miss you
And hope the end is not the end, I'll never forget you

(BRIDGE) 'Cause how could, The two of us, end this way
What, A terrible price to pay, yea
To lose, Such a good, friend

(CHORUS) (2X)
