(INTRO)

(1) You tell me, It's just not working anymore
I could change, But that's what you're through waiting for

(PRE-CHOR) We've been to the edge like this, Our, share of times
(a) But now you'll never change your mind, You've drawn the line
And now I'm, out of time

(CHORUS) Please don't say never, Please don't give up on me
(1/2) I'll make it better, I'll love you tenderly

(2) Can't believe, I didn't see the signs unfold
I was blind, I thought I had you in control

(PRE-CHOR) You're telling me it's too late, But I need you near
(b) You say you'll never change your mind, You've made it clear
But I refuse to hear

(CHORUS) Please don't say never, Please don't give up on me
I'll make it better, I'll love you tenderly
Please don't say never, Please don't give up on me
I'll make it better, I've got to make you see

(SOLO)

(CHORUS) (2 X)
