(INTRO)

(1) The thing that gets me, Is how I'm supposed to know, Your every little mood swing
I start to think I've, Figured you out, but no, You play your little mind games

(PRE-CHOR) It's really hard when you, Get this way
(a) You're not the person you were, Yesterday

(CHORUS) Today's the day that I, Take a stand
It's time to find out, Just who I am
I won't roll over, The way you planned
Today's the day that I, Take command

(2) How many times have, I told you we've got to talk, But you just shut me down
You always discount, The feelings I try to show, Then I shove them right back down

(PRE-CHOR) I've got to leave you but, I get scared
(b) Can I make it on my, Own out there

(CHORUS)

(SOLO)

(BRIDGE) You think you know me, but you've hardly tried
You can't begin to know the times I've cried
You always seem to know my insecurities
I want to quit you but I always freeze

(PRE-CHOR)
(a)

(CHORUS) (2 X)
