(CHORUS)
(1/2) When I can't hold you, You're here in my heart

Know that I miss you, When we are apart

(1) Though we are, committed, together, Sometimes, we're apart
Some others just can't understand, For them that would be, too hard
But you're your own person, With goals, to achieve
And I've got my own aspirations, We both want to succeed

(PRE-CHOR)
(a) But when I can't see you, You're still, on my mind
When we can't be together, Your memory shines

(CHORUS) When I can't hold you, You're here in my heart
Know that I miss you, When we are apart
When the world's pressures, Make life seem so hard
I want you to know, that, You're here in my heart

(2) I won't say, I can't live, without you, 'Cause life would go on
But I'll say I never would want to, 'Cause you know we have, this bond
We've stayed with, the other, When things looked so bad
There's one thing that ties us together, The history we have

(PRE-CHOR)
(b) I look at you, Baby, With the utmost, respect
My friend and my lover, That's how we connect

(CHORUS) **(key change)** When I can't hold you, You're here in my heart
Know that I miss you, When we are apart
When the world's pressures, Make life seem so hard
I want you to know, that, You're here in my heart
